To All Friends and Neighbors:

I am writing to thank each and every person who generously helped, giving their time, energy, and contributions, during the flooding in Sheldrake on August 14, 2018, and in the weeks afterward. Our community, and our surrounding communities, came together in the most incredible way. I feel very fortunate to live here.

I would like to especially thank the fundraising committee and all those who contributed to those of us recovering and rebuilding after this flooding. Personally, I don't mind telling you that the donation I received brought tears to my eyes. As you may know, my house was totally flooded out with almost two feet of water. The house was left uninhabitable and much of its contents went into the dumpsters. While I do have flood insurance, as of this writing I still have not received the estimated reimbursements from the insurance company. Recovery is slow and difficult to predict at this time.

Again, thank you for your fellowship, caring, community spirit, and your generosity. This is something I will never forget and feel forever grateful.

Sincerely yours,
Vito Brancato

Does your lawnmower have that occasional sputter? Is your weed-eater or chainsaw starting harder than it should?

Chances are it is gummed up, has some deposits or varnish, and just needs to be cleaned up and it will run like new!

The same is true with your car or truck! Get back your full power, smoother starts, and more than likely see an increase in fuel efficiency!

- *Get your engines running smoother and cleaner
- *Get better fuel consumption rates
- * Help eliminate ethanol issues

Check it out online:
<https://www.conklin.com/fuel-mate-plus>
<https://www.conklin.com/4-power-g>

Let's get started cleaning them up and running better today!!
