Happy Holidays
from
JACK'S EQUIPMENT

This is an open **"Thank you"** note to all my
customers and friends....

With the onslaught of the Pandemic this past year and
not knowing what the future is going to hold, will make
a big difference in what happens to us all and with that
said Gloria and I want to wish everyone in the area a
very "Merry Christmas and definitely a Happier New
Year".

As everyone has seen a big difference in what goes
on, so haven't I, in what I thought was a "part time"
business of Jack's Equipment. The "workload in-
crease" that was put on me last mowing season, and
the enormous time spent working was what I saw as
a result.

I'm not saying I haven't been busy in my 38 years prior
but this year was out of this world in the additional
customer base that made contact with me (which had
previously not), along with my ongoing "very extensive
list of reliable customers" was definitely visible.

What I would like to do is publicly apologize to all of
those who I was never able to service after making ini-
tial phone contact or I just outright turned down due to
time limitations which I just ran out of, as some are still
calling me now.

To finish I also would like to make it simply known that
"I have not gone out of business" as someone locally
(and the great Google Enterprise) seems to think so
and started a grapevine rumor that I had....so con-
sequently my short note above sort of explains that I
have not and I again say "Thank you" all for your past
and future business.

Again....."A very Merry Christmas and
"hopefully" a Happier New Year to you all
.....and too all a "Good Night".
