HAPPY
New year

Lake View Cemetery Association would like to express our appreciation to John Swank, Rob Fendrick, Gary Hunt, John Hubbard, Jim McKee, Bill Palmer, Bill Pritchard, Interlaken Grange # 160, and the unseen volunteers who donated their time, gas, and energy to maintaining the cemetery this year.

The Lake View Cemetery Association would like to thank the public for donations which enabled the cemetery to have the grass trimmed this year. The mowing is still being done by volunteers. Lake View Cemetery's income is from lot sales, burials and donations. Covid cancelled our 2020 fundraising activities. We wish everyone a Happy New Year. Donations towards maintenance for 2021 would be greatly appreciated. Tax Deductible donations can be made to:

*Lake View Cemetery,
PO Box 562,
Interlaken, NY 14847*

Your support of our fund raising events and contributions are greatly needed and appreciated.

Interlaken Historical Society Presents
January 25, 2021 • 7:00 pm
Via ZOOM

The Underground Railroad in Southern Seneca County

As we continue to follow the guidelines for Social Distancing the Historical Society will be making history in our January 2021 program. Seneca County Historian Walt Gable will be presenting his program via ZOOM. Please check our Historical Society Facebook page, the Library Facebook page and the Historical Society Webpage to register and receive the code.

In speaking about the program Mr. Gable noted, "Much of my Underground Railroad in southern Seneca County will be based upon a yearlong study funded by the Preservation League of New York State and the New York State Council for the Humanities."

A graduate of Romulus Central School and former History/Social Studies teacher at Mynderse Academy, he has been Seneca County Historian since August 2003.

He has published three books on local history, does a monthly article on Seneca County history for the Finger Lakes Times, and a monthly video podcast in the Our Finger Lakes History series for fingerlakes1.com.

For additional information on joining the ZOOM meeting, please contact the Interlaken Public Library at 607-532-4341 or director@interlakenpubliclibrary.org

Obituary

ROGER J. GETMAN, age 80, of Gilbert Road and lifelong resident of Ovid, passed away at Geneva General Hospital on Sunday, December 20, 2020.

Roger was born in Waterloo on March 14, 1940, a son of the late Sherman and Norma (Lamb) Getman. He attended Ovid Central School and proudly served his country from 1957-1961 in the US Navy. He returned home to re-join the family business where he had been working since he was 14, Getman's Gas Company. He worked alongside his brother, Norman "Hork" and nephew, Greg, until his retirement in 2006. Roger had a deep commitment to Ovid and the surrounding communities; he served as Ovid Town Constable, Ovid Village Police Chief, worked for the Seneca County Sheriff's Department and volunteered for the Ovid Fire Department where he was also former chief. Roger was a member of the Ovid VFW Post #6200, American Legion Post #463 and the South Seneca Sportsmen's Club. From the young age of 7, Roger's love of Cayuga Lake was proven by his boats and untold number of hours spent on the lake and time spent at the family cottage. In his retirement, he sought out more water, and wintered in Lake Havasu City, AZ.

Roger is survived by his wife of 58 years, Barb; his sons, Steven J. and his fiancé Michelle Ormsbee of Watkins Glen, Lawrence J. and his wife, Nadia of Cupertino, CA; his grandchildren, Tatiana, Sebastian and Adriana Getman of Cupertino, CA and Rachael Weiner of NYC and Meredith Weiner of Boston; a brother, Dennis J. Getman and his wife, Lynn of Prescott, AZ and a host of nieces and nephews, to include the extended Warrick family. The family is most appreciative of the excellent care Roger received from his niece, Pam Switzer and her husband Bob, during his recent hospitalization.

In accordance with Roger's wishes, prayers of committal with military honors will be held privately at Holy Cross cemetery at a future date. Kindly consider a donation in Roger's memory to the Ovid Fire Department, PO Box D, Ovid, NY 14521 or Beverly Animal Shelter, 50 East River Road, Waterloo, NY 13165

Obituary

ROBERT AND DOROTHY CHAMPION, ages 76 and 73, died on December 22nd and December 23rd respectively at their home, 9562 Lodi Center Road, both of cancer.

Bob was born in Valois on September 26, 1944, one of 10 children to Harold S. and Dorothy (Bennett) Champion. Dorothy was born in Montour Falls on January 3, 1947, one of 8 children to Clyde and Alice (Hoyt) Bulkley. They were married on June 26, 1964, and from that point forward their lives, much like their deaths, were intertwined and spent together. Bob's early career was working as a welder at Seneca Engineering in Montour Falls, and Dot was a short order cook at the Ovid diner. Together they owned and operated Bob's Welding & Fabricating, Dot as the secretary/bookkeeper, Bob as the manufacturer. Together they sang and played in jamborees, Bob's ear for music began at a very young age, and he had played in many bands and venues all over the region. Dorothy loved canning, gardening, crafting, Bob's hobbies included fishing, hunting, trap shooting and playing cards, together they enjoyed the Interlaken Sportsmen's Club and the Moose Lodge of Montour Falls, along with putting together benefits to help their friends, family and neighbors in need. At the center of it all, with glowing hearts, was their family, and the Champions are known for their closeness and tight family bonds.

Together their family includes their children; May (Floyd) Barnes, Edith Wittig, and Robert "Bob" (Trish) Champion Jr., all of Lodi, their grandchildren; Adelaid (Richard) Neary Alicia (Arthur) Masloski, Floyd Barnes Jr, Lawrence Barnes, Cora and Jasmine Champion, their great grandchildren; Wyatt Richar, Sydney Barnes, Heidi Neary, and Samara Masloski, Bob's siblings; Yvonne (Brent) Ward of Interlaken, Ralph (Barb) Champion Sr. of Valois, Dorothy's siblings; David (Joann) Bulkley of Addison, Clyde "Scottie" (Debbie) Bulkley of Corning, Shirley (Richard) Horton of Bradford, Gen (Harry) Goosen of Montour Falls, Beverly (Chuck) Parker of Hornell, Sidney (Gordie) Maddison of Troy, PA, Marsha Spotts of North Carolina, and a sister in law, Molly Bulkley of Beaver Dams,

They were preceded in death by their infant daughter, Elma L. Champion and a grandson, Loyd Barnes and Son-in-Law David Neary, Bob's siblings; Calvin, Jack, Harold Leroy, Lester, Elma Updike, Jean Depew and Marge McCheyne, and Dot's bother, Thomas "Skipper" Bulkley and sister Lorraine Levadas of Syracuse.

The family received friends from 2:00 to 5:00pm on Tuesday, December 29th at Covert Funeral Home, 7199 Main Street in Ovid. All Covid-19 protocols were in place, masks, social distancing and occupancy limitations. A private funeral was held on Wednesday. Prayers of committal will be held in the late Spring of 2021 and all will be invited to attend, based on Covid-19 guidelines at that time.

ATTENTION ALL OWNERS OF MALE CATS: IT'S ALMOST NEVER EVER CONSTIPATION

(Reprinted from Jan. 2014) Because we've had a run of "blocked" cats lately at my practice, I thought it would be a good idea to refresh cat owner's memories on this most life or death of problems. My sincerest wish is that everyone in the world who owns a male cat reads this article. You all can help me by showing this to your cat-owner friends who, in turn, can send it to their cat-owner friends, who can then send it on to their cat-owner friends. This story can also be found on my humble website which can then be easily forwarded to your cat owning friends.

<http://www.worldsvet.com/blockedcat.htm>

There's a disease out there that I often see in male cats (and, rarely in females) known as urethral obstruction. The common expression that we veterinarians use for this condition is "being blocked." (Plugged-up, occluded, and obstructed are other words used to describe this disease.) With this disease, the male cat's penis literally becomes plugged-up (blocked) and then, because of this blockage, they can no longer pee. Symptoms of this disease show up in many ways. What most owners notice is that the cat seems to be spending a lot of time in the litter box and not actually doing anything. Sadly, many owners misinterpret this difficult elimination behavior as constipation or worms, and then they waste precious, precious, precious (did I say "precious"?) hours trying to home-doctor the cat with laxatives, hairball, or worming medicine. Unless the cat is an old cat, it is never, never, never (did I say "never"?) constipation! Sometimes a blocked cat just wants to hide behind the refrigerator or be left alone under a bed. Most of the time, however, the owner's only complaint is that the cat "just ain't acting right."

And to confuse the matter even more, these same symptoms can also be seen in simple bladder infections. Urethral obstruction (being blocked) is one of the few actual life-or-death emergencies that exist in veterinary medicine, and it can be diagnosed by your veterinarian in about a second just by feeling the poor guy's abdomen. Sadly, however, because it's such a very sneaky disease, most owners don't recognize the problem until it's too late. Death from urethral obstruction can occur within a day due to a ruptured bladder, metabolic disorders, kidney failure, or cardiac arrest. And this death is a painful, agonizing, death. If they're not tended to, these poor guys really hurt!

Treating this disease can be very challenging. The patient nearly always has to be put under anesthesia to be unblocked. Because of the possibility of damaged kidneys, this process alone can be life-threatening. Once under anesthesia, we will then try to dislodge the blockage through a combination of catheterizing and back-flushing. If this procedure is successful, an indwelling catheter (a tiny plastic or rubber pipe) is often inserted up the penis. This will allow the bladder to drain accumulated urine, which in turn will allow the bladder to heal itself.

Complications of this medical procedure are many. Some of these complications, but not all, are: not being able to unblock the poor kitty in the first place, becoming blocked again a day or two later, ending up with an atonic bladder (one that will no longer empty on its own), kidney failure, or urinary incontinence.

I can almost hear the question being asked, "So, Doc, what causes it?" And I know already that you're gonna be unhappy with my answer.

Despite what the cat food ads say, what the popular press and cat care books all say, or, what all the Internet armchair veterinarians say, the truth is that there is no one single cause. Over the years, the ash content of the various cat foods (both wet and dry) has been blamed, obesity has been blamed, bladder and kidney infections have been blamed, too early neutering has been blamed, too late neutering has been blamed, too much salt or too little salt have been blamed, the mineral content of one's well water has been blamed, and on and on. Again, no one knows for sure. I knew you wouldn't be happy with this answer.

So, what can you do? By far, the most important thing you can do is just be aware that the problem exists and be watchful for it. Pay attention to your cat's habits. The earlier the treatment begins, the greater the chance of success. If you even vaguely suspect the problem, please don't waste time messing around with the home remedies. Hours are precious with this disease.
