Obituary

JACQUELINE D. BOYD of Trumansburg passed away on October 11, 2025 at Cayuga Ridge Nursing and Rehabilitation, Ithaca, New York at the age of 88.

She was born on December 6, 1936, in Cortland, New York, to the late Lewis and Hiliary (Hickey) deCoudres. She was raised in the Groton area and graduated from Groton High School in 1954. Initially, Jacque worked at Cornell University, then as a secretary at Charles O. Dickerson High School in Trumansburg. Most notably, she worked at Tompkins Trust for over twenty-five years, where she held multiple positions including teller, customer service, branch manager, and administrative assistant to the President. While employed at Tompkins Trust, Jacque was actively involved in the American Institute of Banking and organized the creation of an employee cookbook and an annual employee craft sale.

Throughout her life, Jacque was known for her remarkable planning skills. She was the ultimate organizer, always managing the creation of special groups and attending to the many and varied details of life. She enjoyed sewing, knitting, and crafting of all kinds.

She was a member of the mysterious TBDB's ladies craft group in the 1970's in Trumansburg, the Trumansburg Senior Citizens, and the Ladies Auxiliary at Trumansburg American Legion.

Jacque is survived by her husband of 67 years, David Boyd; two daughters, Terry (Mark) Welch and Kimberly deCoudres; five grandchildren Chelsea (AJ) LeViere, Garrett (Lori) Welch, Brett Welch, Ashleigh (Stephen) Catalfamo, and Kira deCoudres; eleven great-grandchildren; and several nieces and nephews.

Jacque was predeceased by her parents; her sister Patricia deCoudres Caruthers; her grandson, Camden Rundell; and her great-granddaughter, Audrey Catalfamo.

A memorial service will be held on October 24, 2025, at 3:00pm at Ness-Sibley Funeral Home, 23 South St, Trumansburg. Those who are so inclined are encouraged to wear blue nail polish.

In lieu of flowers, which Jacque insisted she only wanted while she was alive, the family asks those that would like to make a contribution in Jacque's memory kindly consider Stay Wild Rescue a non-profit, local animal rescue organization. Stay Wild Rescue, 5920 Searsburg Road, Trumansburg, NY 14886 and www.staywildrescue.com.

Obituary

PERLEY E. COOK, age 77, longtime resident of Smyrna passed away peacefully at the home of his daughter and son-in-law on Wednesday October 8, 2025.

Perley was born November 5, 1947, at home in Sherburne, NY, the son of Perley Cook Sr. and Gladys Benedict. They lived in various places and later moved to Smyrna. At the age of 17, he met Elaine "Kate" Hill. They were married on November 13, 1965 and continued to reside at the family farm.

Perley was drafted by the US Army in 1967 and served in Vietnam until he was honorably discharged in 1969. He enjoyed doing body and engine repair in his spare time. He had various jobs including hauling milk for Van Horn Trucking. Later he started his own small dairy farm and continued until he suffered a stroke in 1993. He remained independent at his home until 2023. Thereafter, he lived with his daughter Tina and son-in-law Bob, in Interlaken.

He is survived by his children Lisa (Todd) Rice of New Hartford, Tina (Bob) Ike of Interlaken, Francis Quackenbush of Ohio, Debbie (Eric) Tyler of Mt. Upton; his grandchildren Kory (Elise) Rice, Kayla (Anthony) Palmer, Jeffrey (Naomi) Monroe, Jared, Miranda and Kylie Quackenbush, Lindsey (Logan) Klockowski, Sabrina (Aaron) Price, Garrett Bard, Montana and Landen Tyler along with 12 great grandchildren. He is also survived by the mother of his children, Elaine "Kate" DeBlock. Perley was preceded in death by 2 half-brothers Larry and Ivan Dunagan.

Military honors will be offered at NYS Veterans Cemetery-Finger Lakes in Romulus at 1:00 on Friday October 24, 2025.

Centralus Health Offers State of the Art 3D Mammography

October is Breast Cancer Awareness month: a time to show support for breast cancer survivors, remember those lost to the disease, and promote early detection and research.

Early signs of breast cancer can manifest in many ways. Some changes can be seen in the form of a new or thickening lump, changes in size or shape, skin dimpling, redness, swelling, nipple inversion or discharge, and pain in the breast or nipple. Sometimes people don't experience any symptoms.

For certain types of breasts, like denser breasts, mammograms can be difficult to interpret. This may make it more difficult for radiologists to read your images.

"Sometimes, your normal anatomy can make images look a little suspicious. It's not always a terrible thing to have to be called back. We may just want a closer look," says Heather Fay, Computed Tomography (CT) technologist at Arnot Health, a member of Centralus Health.

Newer machines, like Digital Breast Tomosynthesis (3D mammography), give radiologists a clearer, more detailed view of the breast, increasing the detection rate of cancers. The machine uses an X-ray arm to take multiple images of breast tissue in thin slices, allowing for better views of the tissue with less radiation. A traditional 2D mammogram creates a single, flat image, which can make it harder to see through dense tissue and detect abnormalities.

The compression is what most women associate with discomfort, though it is vital in minimizing motion blur, enhancing

clarity, and lowering the amount of radiation needed.

"If the compression starts to feel uncomfortable, we tell patients to let us know and we make it easier," Heather says.

The rounded corners of the image receptor, where patients place the breasts, changes the experience compared to the traditional mammogram. This design forms much better to the patient's body and doesn't jab as much.

Radiologists and technologists understand the anxiety associated with waiting for imaging results. At Centralus Health, mammograms are typically read within a day or two of an appointment.

For most women, routine mammograms should begin around the age of 40. Women with higher-than-average risk for breast cancer, such as those with a family history or genetic mutations, should consult their healthcare provider about starting earlier.

Cayuga Health offers 3D mammography at their main campus location, 101 Dates Drive, Ithaca, (607) 274-4376; East Campus location, 10 Arrowwood Drive, Ithaca, (607) 274-4155; Cayuga Park location, 401 Cayuga Park Lane, 4th Floor, Ithaca; Schuyler Hospital, 220 Steuben Street, Montour Falls, (607) 535-7121; and in Cortland, 1081 Commons Avenue.

Arnot Health offers 3D mammography at the Horseheads Medical Office Building, 100 John Roemmelt Drive, (607) 739-0352; and the Health Center for Women, 600 Fitch Street, Elmira, (607) 795-8080.
