### I HAD NO IDEA THAT THIS STUFF WAS SO CONTROVERSIAL: UNICORNS IN THE BIBLE, PART TWO

**WE ARE NOT ACCEPTING NEW CLIENTS OR ADMITTING FORMER CLIENTS WHO HAVE NOT BEEN INTO THE PRACTICE IN THE LAST THREE YEARS!**

(Reprint) Last time, I began a conversation about why the Bible mentions eight times an animal called the Unicorn. And little did I realize when I began researching this seemingly harmless subject what a HUGE can or worms I would be opening! It turns out that this topic is not only used by some Christian groups to prove the literal truth of the Bible but it's also used by non-believers (unsuccessfully I believe) to dismiss the Bible as a book of fairy tales.

The question as it was first put to me (with great sarcasm) was, "And so Doc, the Bible mentions an animal called 'the unicorn' eight times. If the Bible is indeed truly factual, why hasn't a unicorn fossil been found?" Since I had no idea of what he was asking, I told him that I never gave the question any thought. And that was that. But told him that I'd get back to him - which I did not.

Before answering the question, it must first be understood that the animal that most modern people think of when they hear the word unicorn is not the same animal mentioned in the Old Testament. When most people today hear the word "unicorn" they picture in their minds eye a poster that hangs on the walls of many young girl's bedrooms that depicts a mystical, horse-like, creature with a single long pointy horn protruding from its forehead and usually flying over a rainbow. This beast is an invented, modern-day, human creation that has never existed.

I will do my very best to keep this simple. The word unicorn made its first appearance in popular culture in the Webster's Dictionary of 1828. It says clearly that a unicorn is "an animal with one horn, the monocoeros. This name is often applied to the rhinoceros". (The word "Monocoeros" derives from the Greek word 'monokeros' with 'monos' meaning 'only one' and 'keras,' which means 'horn'.) Nothing is said in Webster about a mystical, horse-like, creature with a single long pointy horn protruding from its forehead.

When you look up the "rhinoceros" in the same dictionary, Mr. Webster goes on to say that the animal is "A member of a family of quadrupeds (4-legged critters) compromised of two species, one of which, the unicorn, has a single horn growing almost erect from the nose. There is another species rhino with two horns, the bicornis. They are natives to Asia and Africa."

And so to summarize: The modern-day definition of the word "Unicorn" is that the creature is a mythical, usually white animal, generally depicted with the body and head of a horse with long flowing mane and tail and a single often spiraled horn in the middle of the forehead. Being as this creature was made up in the mind of a story teller or television commercial writer, of course you're not going to find any skeletons in Africa or the lands of the Bible. But this isn't where it all ends.

It gets even more complicated! Besides the one-horned rhinoceros being the probable candidate for the Biblical word Unicorn, there is another theory that no one - except my humble self - has ever thought of. But it will have to wait until next time.

PICTURE PERFECT, NOW

# Obituary

**LESLIE CAROL (NEE SCHORLING) MAZZARELLA**, age 78, born December 25, 1947, of Sidney and Lodi, New York, passed away on February 6, 2026. Leslie lived a life grounded in love, nature, and routine, with her memory carried on by those who loved her.

Leslie is survived by her son, John (Mary) Moore II, and her cherished grandchildren, Meghan and John, who were the pride and joy of her life. She is also survived by her sister, Gail (Richard) Findley, whose granddaughter, Elizabeth, held a very special place in Leslie's heart, and by another sister, Lynn Pratt. In addition, Leslie leaves behind many nieces and nephews. Leslie preceded in death by her mother, Lily; her sister, Jackie; and her husband, Nicholas Mazzarella, who passed in 2011.

Leslie was a longtime member of the Ovid VFW Post 6200 alongside her husband, where she devoted many years to running Thursday night bingo - creating not just games, but community and connection. She found happiness in life's simple pleasures: her daily morning walks, sitting on the front porch with loved ones and neighbors, playing cards, country music, dancing with her sisters, quiet evenings watching her TV shows, monthly manicures and pedicures, a hot cup of English rose tea, pontoon boat rides, and watching peaceful sunsets over Seneca Lake at her home near Lodi Point.

Though she had lost her memory over time, the memory of Leslie will forever live on in the hearts of her family and all who knew her. She will be remembered for her love of the quiet joys she embraced every day. May it bring comfort to know that her suffering has ended, and she is now at peace.

In accordance with her wishes, the family will host a Celebration of Life in the Summer of 2026. In lieu of flowers, kindly consider a donation in Leslie's memory to the Ovid VFW Post 6200 Auxiliary, PO Box 1, Ovid, NY 14521.

To leave a condolence or additional information, visit [www.coverfuneralhome.com](http://www.coverfuneralhome.com)

# Obituary

**MARTHA JANE IKE** of Lodi passed away at Cayuga Medical Center surrounded by family on Friday, March 13, 2026.

Martha was born in Mecklenburg on July 22, 1935, a daughter of the late Howard and Nellie (Hoose) LaBarr. She is survived by her son, Steven (Jane M.V.) Ike; and several grandchildren, great grandchildren, nieces, and nephews. In addition to her parents, she was preceded in death by her husband, Charles "Russ" Ike; and son, Anthony "Tony" LaBarr.

Burial will be private for family at New York State Veteran's Cemetery - Finger Lakes.

For additional information visit [www.coverfuneralhome.com](http://www.coverfuneralhome.com)

# Obituary

**RICHARD L. "RICK" ZONA**, age 69, longtime resident of County Road 138, died unexpectedly at his home on Thursday, March 12, 2026.

Rick was born in Seneca Falls on April 16, 1956, a son of the late Armando "Mud" and Elizabeth "Betty" Zona. He spent some of his early years in Arizona, returned to his roots here in Seneca County and was married to Kelly Hicks on October 10, 1985. He

had worked at Dalrymple/Anchor Acre Farms in Hector for over 20 years. Rick had an incredible work ethic and took great pride in his home, along with being an avid hunter and outdoorsman. Rick's commitment to his family and neighbors was unmatched. He drove his Amish neighbors to fire calls, as many of them are members of the Ovid Fire Department, and volunteered his time to the department. He was the quiet pillar of the family, always the protector and proudest man in the room. Rick was opinionated but fair, chose his words to be direct and meaningful, and showed his love through his acts of kindness.

He is survived by his wife of 40 years, Kelly; his daughter, Dionne (Travis) Bortz of Willard and his adoring grandchildren, Wyatt Freelove and Emerson Bortz; his siblings Mike Zona of Alabama and Cheryl (Joe Nogle) Mandigo of Seneca Falls and his wife's extended family. Rick was preceded in death by his parents, and by his sisters, Barb Marone and Dora Sheldon, nephew Michael A Zona, and niece Dannel Mandigo. Services will be held privately at Oak Hill Cemetery in McDuffietown. In lieu of flowers, kindly consider a donation to Oak Hill Cemetery, PO Box 134, Romulus, NY 14541 in Rick's memory.

## Colon Cancer Awareness: Screening Saves Lives

Colorectal cancer is the third most common cancer diagnosed in the United States. Colonoscopies—a short outpatient procedure used to examine the rectum and entire colon for diseases like cancer or inflammation using a camera-equipped tube—can save lives.

Dr. Tenzin Tseky is doing her gastroenterology fellowship at Arnot Health, a Member of Centralus Health.

Gastroenterologists can tell a lot about your risk based on the results of the first screening. Dr. Tenzin Tseky, a Gastroenterologist at Arnot Health, a Member of Centralus Health, says colonoscopies allow her to look for polyps—

abnormal growths of tissue, clumps of precancerous cells, found inside the large intestine.

"Any form of colon cancer has to start from a small polyp."

Colonoscopies offer doctors a chance to remove, analyze, and potentially prevent the formation of cancer before it has a chance to start.

"Being able to get rid of polyps is one of the biggest advances in modern medicine," says Dr. Tseky.

Colonoscopy is a quick outpatient procedure and is considered the 'gold standard' for early detection. If you're over the age of 45, talk to your doctor about scheduling an exam.

Cayuga Health Gastroenterology is located at 1020 Craft Road, Suite C, in Ithaca. Arnot Health Gastroenterology is located St. Joseph's Hospital, 571 St. Joseph's Blvd, Suite 307, Elmira.

"A large percentage of our practice is preventative health. It starts there, with screening. I think it's important to talk about as a primary care physician," says Dr. Cliff Snellgrove, Internal Medicine Provider at Arnot Health, a Member of Centralus Health.

The risk of colon cancer increases for everyone as you get older. Without routine preventative screening, like a colonoscopy, detecting cancer early can be difficult.

"We've seen a slight increase in colon cancer in patients under the age of 50. Forty-five is the average age we ask patients to be screened unless they have a family history. It's individualized, but if they have a first-degree relative who had it at a younger age, you'd want to make sure they're screened 10 years prior to when their relative was diagnosed," says Dr. Snellgrove.

## Fun for the entire family!

Saturday, May 9th , 1pm Start Time  
at Frontenac Creek in the Village

Ducks will enter the creek at Hector St. (Rte 227) bridge and the first 3 ducks to cross the finish line at East Main St (Rte 96) bridge will be declared the 1st, 2nd and 3rd place winners.

**Cash prizes are: 1st Place - \$250, 2nd Place - \$150, 3rd Place - \$50**

Tickets are \$5 per duck or \$20 per five ducks and will be sold at the Shur-Dave entrance or available from any Rotary member between now and 30 minutes before race time. Visit [TburgRotary.org](http://TburgRotary.org) for more information.
