Obituary

PHILIP L. STEINRUCK, age 75, of Romulus passed away at Geneva General Hospital on Friday, September 11, 2026.

The family will be present to receive friends on Thursday, September 17, 2026 from 5:00 to 7:00pm at Covert Funeral Home, 7199 Main Street, Ovid. A Graveside with military honors will be held at 11:00am on Friday, September 18, 2026, at New York State Veteran's Cemetery - Finger Lakes, 6632 State Route 96A, Romulus. In lieu of flowers, the family asks those to make a donation in Phil's memory to the Parkinson's Foundation.

Phil was born on March 14, 1951, in Ithaca, a son of the late August and Gertrude (Cooper) Steinruck. He honorably served in the United States Army from 1971 to 1978. In his professional life, Phil worked at Seneca Army Depot ending his career there as Chief of Security. He went on to work at KidsPeace and later transferred to Hillside Children's Center in Auburn where he worked in grounds and maintenance.

Phil was a lifetime member of the Varick Fire Department, where he served for over 30 years. He was also a member of the Ovid American Legion.

Phil is survived by his wife of 40 years, Terry Steinruck; daughter Emily (Jonathan) Bustos; grandchildren, Elizabeth, Victor, and Alexander; and brothers, Bill (Maryann) and Kenneth (Betty Ann) Steinruck. MUSHERS, A DOG NAMED BALTO, AND THE LAST GREAT RACE ON EARTH: THE 2024 IDITAROD

WE ARE NOT ACCEPTING NEW CLIENTS OR ADMITTING FORMER CLIENTS WHO HAVE NOT BEEN INTO THE PRACTICE IN THE LAST THREE YEARS!

(Reprint) The world-famous Iditarod is an epic sled dog race that captures the spirit of adventure, endurance, and the indomitable bond between humans and their canine companions every year. This grueling event takes place in the rugged wilderness of Alaska, covering just over 1000 miles in distance between the city of Anchorage and the village of Nome. It pits man and woman and their dogs against raw mother nature in all of her splendid majesty and brutal, unforgiving fury; it is considered by many to be truly “The Last Great Race on Earth.”

Although the Iditarod Trail had been used by Native American peoples for hundreds of years before the arrival of Russian settlers in the 1800s, the present-day race actually commemorates a relatively recent event. In early 1925, a deadly diphtheria outbreak occurred in the northern Bering Sea coastal city of Nome. On February 2nd of that year, a musher named Gunnar Kaasen and his team of huskies, guided by his lead dog, Balto, became the first of several lifesaving missions to deliver diphtheria antitoxin to the disease-stricken city. (As a point of interest, in Central Park in the great city of New York, there is a bronze statue of Balto inscribed as follows (from Wikipedia): “Dedicated to the indomitable spirit of the sled dogs that relayed antitoxin six hundred miles over rough ice, across treacherous waters, through Arctic blizzards from Nenana to the relief of a stricken Nome in the winter of 1925. Endurance—fidelity— intelligence.”

The first official Iditarod Trail Race was run in 1973. Prior to this, sled dog racing had a long and popular history within the state. One of the more popular of these races was called the All-Alaska Sweepstakes. It was at this event in 1910 that saw the introduction of the first Siberian husky dog to Alaska. Before this, the primary breed used was the Alaskan malamute.

This year's race had 29 teams of 12 - 16 dogs and their sled driver (called mushers.) The trail is divided into 24 checkpoints, and the race is usually completed in 9 to 12 days. The winner was Dallas Seavey of Talkeetna, Alaska. His race time was 9 days, 2 hours, 16 minutes, and 8 seconds. The 2024 race was Mr. Seavey's record-setting sixth win. In 2017, Seavey also accomplished the fastest time for completing the race. That time was 8 days, 3 hours, 40 minutes, and 13 seconds, set in 2017. This year's race, sadly, was marred by the death of 3 dogs. Also, Mr. Seavey and his dogs were attacked by a moose. The musher had to shoot the moose, but not before the animal seriously wounded one of the Huskies. Although he required two surgeries, the dog did live.

The word “Huskie” takes its name from the derogatory term “Eskie,” which refers to all Native Eskimo peoples living all over the Arctic. The word “Siberian” refers to the land of Siberia, presently Northeastern Russia. Some archeologists believe that the predecessors of the modern Siberian husky breed helped the early settlers of our continent cross the land bridge formed between North America and Asia during the last ice age.

Finally, and this is something I had to look up on Wikipedia, the term mushing refers to any form of transport powered by dogs. It is believed that the term has its origin in the French word “marche,” which means to go or to run. A person who directs this form of transport is a “musher.”

Tanya was born in Waterloo, NY on March 20, 1973, and attended Romulus Central School. Her caring nature led her to work as a homecare provider for several years. Tanya was a great mother and wonderful friend, who was always willing to lend a hand if she could help in any way. She had a free spirit that was never held back by any of the difficulties that life could throw at her.

SPECIAL EVENT: Native America 250 by Perry Ground

October 3rd Saturday
2:00 PM Burdett Fire Hall
4124 Lake Avenue

PERRY GROUND 250 SERIES

Join us for a special presentation of
“Native America 250”
presented by Perry Ground, (Onondaga, Turtle Clan) Traditional Storyteller and Cultural Educator.

Today there are 575 Federally recognized tribes of Native Americans across the US, but not all native peoples operated on the same timeline. Many important events took place over the past 250 years as the US has signed treaties, taken land, granted rights, adopted policies, had conflicts, and made peace with various Native Nations. Topics such as the Indian Removal Act, the Navajo Long Walk, Wounded Knee, Boarding Schools, Citizenship Act, Code Talkers, and the Indian Religious Freedom Act will be discussed during this overview of the past 250 years of relationships.

This program is brought to you by the Backbone Ridge History Group and sponsored by a grant from the Nelson B. Delavan Foundation.

BRUCE PUT *New York* FIRST.
BLAKEMAN
for GOVERNOR

VOTE THIS YEAR TO MAKE A DIFFERENCE FOR NEW YORK STATE.
Donate to the Blakeman campaign at: <https://www.blakemanfornewyork.com/>

In the 2022 New York gubernatorial election, Lee Zeldin lost by just 378,000 votes. Considering the size of New York’s gun-owning population, that margin was far from insurmountable.

New York is estimated to have between 4.5-and-5-million-gun owners. Yet, by some estimates, only about 1.2 million of them voted in the 2022 gubernatorial election. If more gun owners had participated in the electoral process, the outcome of the election could have been very different.

The lesson is clear: elections are often decided not only by those who vote,
but by those who choose to stay home.

**A BLUNT MESSAGE TO GUN OWNERS IN NYS! VOTE THIS NOVEMBER 3RD.
IF YOU DO NOT VOTE, THEN YOU ARE PART OF THE PROBLEM.**
